

Expanding the Low Power FM (LPFM) services would compromise existing local stations in my area. Specifically, I listen to KLOVE 100.1 FM out of Julian/San Diego. KLOVE has been very inspirational to me, and has provided me with individual attention and assistance in my time of need. I know that KLOVE affects others in the community in the same way. The services that KLOVE provides to the community are invaluable and are making a difference- they are not just another recreational radio station. Please consider this and do not expand LPFM so that KLOVE and other valuable local radio stations will remain accessible to the people they are helping.
